Mining Exploration Entity QUARTERLY REPORT 31 March 2016

Dragon Mountain Gold Limited (“DMG” or “the Company”) is pleased to provide this Quarterly Activity Report for the quarter ending 31 March 2016.

During the quarter, the Board conducted due diligence on a project in Western Australia and is now well advanced on the due diligence and negotiation of terms. The Company expects to be in a position to make an announcement to the market in the near future.

The Company had \$3.646 million in cash reserves at the end of the quarter.

The Board continues to review its strategy in order to find the right project that will benefit the Company and shareholders going forward. The assessment and due diligence of projects needs to be done with these factors taken into consideration. The Board believes that it may be possible to take advantage of the current cash position to obtain a financially economic project.
